PROFESSIONAL SUMMARY

Motivated Java Full Stack Developer with hands-on experience in building REST APIs, backend systems, and databasedriven applications using Java, Spring Boot, Hibernate, MySQL, and React.js. Completed internship focused on backend development, debugging, and API testing. Strong understanding of OOP, SQL, CRUD operations, and software development lifecycle. Seeking an entry-level Java Developer role to contribute to scalable applications and grow as a backend engineer.

TECHNICAL SKILLS

Languages	Java, SQL, JavaScript
Backend	Spring Boot, REST APIs, JDBC, Servlets, JSP, Hibernate, Spring MVC
Frontend	JavaScript, HTML, CSS, Bootstrap, responsive UI
Database	MySQL, database design, CRUD operations, joins, dashboard queries
Testing & APIs	REST API testing, validation, PDF/Excel export workflows
Tools	Git, Postman, GitHub, VS Code, IntelliJ IDEA, Eclipse

PROFESSIONAL EXPERIENCE

Software Development Intern | VibrantMinds Technologies Pvt. Ltd., Pune

Dec 2025 - May 2026

- Built Spring Boot backend features and integrated database-driven workflows with MySQL and REST APIs.
- Supported responsive frontend pages using HTML, CSS, JavaScript, Bootstrap, and React.js basics.
- Validated API behavior with Postman, fixed UI/backend integration issues, and improved user workflow reliability.
- Worked with Git/GitHub in an agile team environment to deliver and debug application features.

PROJECTS

EduSphere AI | Project Link : edusphere-ai-production.up.railway.app

- Designed and developed a role-based student portal with separate admin and student dashboards using Spring Bootand MySQL.
- Built department analytics and student record management modules with REST APIs, enabling real-time data accessand reporting.

- Integrated an AI-powered chatbot and insight engine to assist students with queries and surface personalized recommendations.
- Implemented secure PDF/Excel export functionality, environment-based admin configuration, and comprehensive API test coverage.

Finance Tracker Pro | Java, OOP, Collections

- Developed a Java-based finance tracking application to manage and monitor daily expenses using OOP principles and Collections Framework.
- Implemented CRUD operations with efficient data management, modular design, exception handling, and input validation for a reliable user experience.
- Designed a scalable architecture with future support for MySQL, JDBC, Spring Boot, and AI-powered expense prediction and budgeting insights.

EDUCATION

Bachelor of Engineering in Computer Engineering | Sinhgad Academy of Engineering, Pune | 2021 – 2025

Higher Secondary Certificate (HSC) - Science | Shri. JES College, Jalna, Maharashtra | 2019 - 2021 | 84.67%

Secondary School Certificate (SSC) | St. John's High School, Jalna, Maharashtra | 2019 | 63.60%

CERTIFICATIONS

- Certified Java Full Stack Developer – Vibrantminds Technologies Pvt.Ltd
- Foundations of Cybersecurity - Google
